To whom it may concern

### **Profile Data Technology (Pty) Ltd – Broad Based Black Economic Empowerment Verification**

This letter serves to confirm that **Profile Data Technology (Pty) Ltd** (the “Measured Entity”) has appointed *Inkwazi BEE Verification (Pty) Ltd*, (*‘Inkwazi’*) as its preferred BEE verification agency to conduct a B-BBEE verification. *Inkwazi* is a SANAS accredited verification agency.

The verification process is expected to culminate in the issue of a BEE verification certificate that evaluates the contribution that the Measured Entity has made in transforming its business to address the aims of Black Economic Empowerment.

The process of verification of the Measured Entity entails an examination of its statutory records, financial information, accounting records, evaluation of its various BEE initiatives and interview of key persons.

Please note that due to unforeseen circumstances, the audit was delayed and as it is now the Festive Season (with Inkwazi closed from 14 December until 8 January 2024), the BEE audit is schedule for the 3rd week in January 2024. The new certificate will be issued in February 2024.

Should you wish to confirm the status of the verification, please contact the Measured Entity or the undersigned at *Inkwazi*.

Yours sincerely

**Steve de Kock**
